

May 2023

**PRESS RELEASE**

**ITMA 2023**

TOYOTA INDUSTRIES CORPORATION will participate in the International Exhibition of Textile Machinery "ITMA 2023", which will be held at Fiera Milano Rho in Milan (Italy) from June 8<sup>th</sup> to 14<sup>th</sup>. Toyota will exhibit and demonstrate new model air-jet loom "JAT910" which was launched last year, at Hall 10, Booth B-104.

[Exhibits] Air-jet weaving machine "JAT910" 3 machines

- <New> Electronic Shedding "E-shed" : Double face with Super-fine stretch yarn
- <New> Crank Shedding "C-shed" : Sheeting and pillow cover, double panel
- Jacquard Shedding : Bath towel with various kinds of pile

"JAT910", Toyota's new model with the latest technology, which has achieved further energy-saving performance and high weaving performance through the adoption of newly developed weft insertion system and a new main motor.

In addition, Toyota will also introduce the development progress of innovative spinning machine "Helix", which was very well received at ITMA 2019, toward the realization of new spinning technology in the future.
